## ***The Purim Package Project Deadline Is Fast Approaching***

*What? You didn't order yours yet? There's still time.  
Save yourself and order yours today!*

What is a Purim Package? It is the giving of food and gifts to friends and family. It is a heartfelt way to create meaningful connections within our temple community. Through this project, you can participate by giving beautiful gift packages that will include Purim-related items like hamantashen, juice, dried and fresh fruit, chocolate and other items to make this a special treat.

We sent information by e-mail and postal mail about this great project. If you haven't gotten it or need it again, please contact
